## Letter from the Editor

Holly Lenz

I just got back from a wonderful vacation in Klamath Falls at the Running Y Resort. I can't say enough nice things about my trip, I just wish it wasn't over!

My mom brought her two horses, and we did some riding around the area. We went on a couple rides in the mountain that ended when the snow got too deep to pass safely. The scenery was beautiful and while the rides were shorter than planned, since my normal rides recently tend to be quick jaunts around the Christmas trees, they were still long enough for me. There were more people than horses on our rides, so we took turns riding and walking. Brian carried Alex in a backpack which he also loaded with emergency gear and baby necessities. The pack was pretty heavy even before he put the baby in, but Brian never asked anyone else to carry it.

The last full day we were in Klamath, we went on a guided ride on the ranch with my parents horses, a couple of rented horses, and a guide. The ranch was very nice to ride on, though it was a bit of a slow ride. Compared to my mom's gaited horses and my own Arabian, those three Quarter Horses sure walked slow. I was riding my dad's new Peruvian Paso, who I was constantly having to slow down to keep him at his proper place in line. The horse is really nice though. We enjoyed looking at wildflowers along the path and the views of Klamath Lake and Klamath Falls.

The resort had a wading pool along with a swimming pool and a hot tub. We brought Alex swimming a few times while we were there. He loved it! Alex kicked his feet, splashed, smiled and laughed. The wading pool was warm enough to avoid chilling him, so we could play for a while. Alex had a great vacation in spite of not getting enough sleep the whole time. Now that we are back home, he misses being surrounded in people all of the time, but he is enjoying catching back up on sleep.

I am looking forward to riding my own horse again and going to Wild Mare Campground in June to ride with Janet. It's going to be a wonderful year!

### USDF Region Six Summer Camp

USDF Region Six is looking to host a summer camp for Jr/YRs, Juniors, and Advanced Young Riders (a.k.a all Youth Members) at DevonWood on July 9, 10 and 11, 2010. The camp would involve lessons with professionals who went through the Junior or Advanced Young Rider National Championships, as well as a horsemanship and riding theory element. The only costs involved would be \$35 per night for stabling and a small fee to pay for food etc. Lessons have been donated by the professionals involved and the kids would stay overnight at the facility.

Although the initial planning of this program began earlier in the year, "technical difficulties" kept the program from developing and now we're looking to see what kind of interest we would have if the camp were to run this year, or if we should postpone the program until 2011?

If you have any students, friends, GMOs etc. that might be interested in attending this camp, would you send me an email yourself or have anyone you know who might be interested send me an email with your contact information and the subject heading "USDF Region Six Youth Summer Camp"? Please specify if you would prefer the July date in 2010 or if you would prefer 2011.

Also, if you'd like to be involved in planning/running/donating services to the camp, please don't hesitate to get in touch!

Many thanks and best wishes for continued success in the 2010 show season!

Anyone who shows can appreciate the humor in this. We had waited around a long time and when we finally got called into the ring, what did Watermark do as I was setting him up for the judge, but keep stretching, and stretching, and stretching and I was thinking "what are you doing?" Then it became obvious. He has been holding it all day and decided this was the best footing around. It was the longest pee I have ever seen. Unfortunately it was right where everyone else would have to stand their horses up. Well, I guess a relaxed walk and trot is better than a full bladder.

Letter about AiM's show

My daughter and I just returned from your show and I wanted to let you know how much we enjoyed it. We had 3 horses there with Talisman Training Center and our horses competed in dressage, in-hand, under saddle, and carriage driving.

The facility was very nice, especially being completely inside during the rain showers. Thank you for stabling us so conveniently near a washrack with hot water. The big arena was wonderful to show in.

The show office was organized and friendly. It was easy peasy to order shavings and make class changes. A special thank you for accommodating my daughter's in-hand class changes so that we were able to leave as scheduled on Sunday morning for our long drive back to the Spokane area.

The exhibitor party honoring the two young ladies and their horses was REALLY fun with yummy food and wine. What a treat to be involved with such nice kids and their families. My daughter enjoyed herself so much and I felt like she was getting exposed to some great junior rider/handler role models.

Providing the horse show stars align in 2011, I will certainly attend next year!!

Regards,  
Heidi Hedlund

## Member Spotlight

There are several AiM members who participate in endurance rides. They have chosen to affiliate their AHA membership with our club. This month, highlighting two of them.

### Jannelle Wilde

*Jannelle is a ride manager for the Bandit Springs Ride. She and her family participate in rides together.*

*1. Why did you originally join the AiM club?*

About 10 or 12 years ago, I was hearing a lot about the new sport horse classes for AHA. I tried to keep my ears open and somehow stumbled across a in-hand clinic that AiM was putting on. I attended a few clinics with friends and eventually decided to join AiM. I had been an associate member of AHA and didn't really need a competition

card but I liked AiM's focus and inclusion.

*2. What is your involvement with the Arabian horse and why did you get involved with this breed?*

I was one of those horse-crazy girls that dreamed of a black stallion and wind in my hair. I actually got my first horse about 15 years ago. Thunder was a huge appaloosa gelding with the prettiest markings and the ugliest head, mane and tail of any horse I'd ever seen. But he was our horse. Through a series of serendipitous events, I got to know a local woman that had Arabian horses. I once told her that someday I'd like to raise one foal, just for me. She said that when I was ready to do that, let her know. If I was going to breed something, I should make it count. She bred Asil (pure in Arabic) desert Arabians (Davenport and Egyptians). I had another Arabian gelding by that time so I figured I'd never be able to buy another horse. Life took my friend in a different direction and I got my first mare, Kheystone Ivey. Thirteen babies later, I believe we've made them count.

*3. What direction would you like to see the club and AHA go to support endurance rides and make membership in AHA and AiM more appealing to endurance riders?*

AiM is already known in the endurance world as a supporter of endurance. A two year sponsor of the Bandit Springs Endurance Ride and a "how-to" clinic for beginners was enough to convince endurance folks that AiM was endurance-friendly. Also, 3 of the last 4 years, I have been lucky to go to the AHA convention with the help of AiM. Region 4 and the Pacific Northwest endurance riders are appreciative that they have someone to ask questions

regarding the AHA distance programs. AHA still has a lot of work to do to convince endurance riders that they need AHA. But in the last few years, AHA has been making strides to include the endurance sport and the Sweepstakes program has been fairly good to many endurance riders.

### Carlene Benson

*Carlene brought her horse to the Albany Horse Expo as an example of an endurance horse as part of the AHA Region IV booth.*

*1. How many years have you competed in endurance rides?*

This is my 9th year of continuous competition.

*2. Why did you join the Arabian Horse Association since it is not a requirement to participate in endurance rides? Have you taken advantage of the benefits AHA offers endurance riders and if so, in what way?*

I wanted to participate in the Achievement program. I like having goals to work for and gaining the points for the awards is an additional goal for me, outside of what AERC offers. I ride more for the mileage rather than points as points are based on speed, and the Achievement program is based more on mileage.

*3. If you have participated in some of the AHA endurance programs, would you mind sharing some of the results?*

I board, so I only get one horse at a time. My purebred gelding, AEH Megabucks+/- (Moe), has earned his Legion of Honor and Legion of Supreme Honor.

*4. Do you ride purebred or half Arabs when you do rides? How many horses do you have trained for endurance?*

See number 3.

*5. What length of rides do you usually do?*

I mostly do 50's, but try to get in several longer ones each year. We've done one 100, and hope to do another one or 2 this year.

*6. What rides do you like to do and why?*

I like the more technical (new trail that has to be carefully picked through, steep trails, water crossings, bridges, other hazards or obstacles, etc.) and mountain rides. I like the flatter desert rides, too. Actually, I just like them all. A friend says that I say every ride is my favorite! Here in the northwest, we're very lucky to have such a wide variety of terrains offered. I love multi-days. We've done several 2-day rides (50 each day), a couple 3 and 4 day rides and one 5 day

## Club & Member News

rides (260 miles in 5 days). The horses just get stronger the longer they go.

*7. What suggestions do you have to make the AiM club more involved in endurance events?*

I'm not sure how many members actually do endurance, so that's a tough one. Do you mean have more endurance riders involved in the club or the club more involved in endurance? You might think about co-sponsoring a speaker at convention in January that would appeal to the sport horse and endurance people. Most of the speakers that we've had already would. I know some riders do dressage in the winter for cross training and others who include some endurance in their training programs for the fitness.

*8. What advise would you give to help get folks started in endurance riding?*

A great way to see if you might be interested is to volunteer at a ride. Like shows, we couldn't put them on without volunteers. There's plenty to do and it's all interesting. Find a ride near you and contact the ride manager, or just show up- you will be put to work! Also, many rides have a 10-12 mile trail ride. It's run the same way as the endurance ride with start times and vet checks, but it's shorter and not timed, so no pressure. It's a great way to give endurance a try.

I have an extensive show background in Morgans, and swore I'd never have a crazy Arab! I only saw the "souped up" ones at shows. I tried a Morgan on my first couple endurance rides, realized that to really be competitive, I'd do better with an Arab, and there were all these sweet, calm, gentle Arabs standing around tied to trailers. I started looking and found Moe.

Moe started endurance as a 6 year old coming from a 4-H and HSET background and had never been out of an arena. However, he has great endurance breeding and he loves it. He was PNER Rookie Horse of the Year in 2002, AHA Region 4 High Point Purebred Endurance Champion 2004, 2005, 2006, and AHA Region 4 Endurance Ride Reserve Champion, 2005. He has almost 3000 competition miles and has completed 95% of all rides he's started. Moe has completed one 100 mile ride, that's 100 miles in less than 24 hours, and we plan to complete 2 more 100 mile rides this year. Endurance is about finishing what you start with a healthy, sound horse. Our long term goal is to keep piling up the miles.

Thanks for letting me promote endurance!

*Thank You Carlene and Janelle!!*

## Thank You

Sarah Asby

A big thank you to the following AiM members and AiM supporters for volunteering at the AiM at the Hood show in April. With their willing help, the show was able to run smoothly and on time.

Zoe Ann Arrington, Joanne Collins, Karen Bragg, Jaime Rickard, Tedi Paasch, Barb McGee, Jan Stark, Char Wilson, Janet Jones, Holly Lenz, Janice Lawson, Billy Jo Morley, Linda Royer, Kat Kendall, Beth Bohnam, Melva Boyd, Cherlyn Spahan, Natalie Williamson, Lisa Kolke, Chloe Teplick and her mom, Marcia Donnely, Grant Howell, Susie Howell, Francie Hauptert, Jackie and Leon Brunken, Linda Martin & Much Ado Arabians riders setting the dressage court.

And most importantly our secretary Kaye Phanueff and Manager Jon Howell!

If you missed the opportunity to help at the April show, we will need plenty of help at the upcoming AiM Classic and Region IV Sporthorse championships Aug. 6, 7, and 8 at the Devonwood Equestrian Center near Sherwood Oregon. We will need a lot of help with the potential of 4 arenas going at once so I will be recruiting members, spouses, offspring, best friends, work mates to help. Riding or AiM membership not a requirement.

Contact Sarah Asby, 503-887-2535/[sdasby@comcast.net](mailto:sdasby@comcast.net) if you are willing to help or can volunteer someone to help.

## Wildmare Horse Campground

### The Wildmare Horse Campground and the New North Spit Trail System

Bianca Chevalier

Just north of Coos Bay/North Bend off 101 is a land bridge which takes you to two connecting horse recreation areas. To the north is the Oregon Dunes recreation area operated by the US Forest Service. Their Wildmare Horse campground has been renovated this past year. Most of the old wood corrals have been replaced by new Noble panel metal pens. The trails to the beach are improved and kept clear with the help of our local chapter of the OET (Oregon Equestrian Trails).

To the south is the North Spit area which is bordered by water of the Coos Bay on the east side and the Pacific Ocean on the west side. The North Spit recreation area is managed by BLM. The BLM with the help of our OET club has worked hard for several years to clear and mark the new North Spit Trail System which is open to horses and non-motorized recreationalists.

We do most of our winter and spring riding on these trails. (There is no mud or slippery trails.) You can do an 18 mile loop starting at the Wildmare campground, going on the beach or sand trails to the North Spit Trails, riding along the bay or inland and then returning to Wildmare. (the locals can show you a way to ride where you do not repeat any trails). The temperatures in the winter are moderate (average high 40's). Check the hourly weather forecast and you are usually able to find some dry hours even on the rainy days. Of course the dry days are always spectacular. Check the local tide tables to avoid high tide and you are able to miles of hard packed wet sand along the Ocean and the Bay. The Bay is a great place to get green horses exposed to the shoreline because there are no waves. There is nothing as exhilarating as cantering your horse for miles along the beach! The inland trails vary from deep to shallow sand, grassy plains to small pine groves and there are several steep dune climbs available to challenge your horse.

Riding is great all year round, but the only time to possibly avoid camping at Wildmare is during the warm wet spring when the mosquitoes may be abundant. Check ahead of time with one of the locals. Our OET club has installed "Bat Houses" throughout the campground. They look like little black mail boxes and are mounted on tall wood posts. Bats love to eat mosquitoes. The Bat Specialist who checked the houses this year was happy to note that bats have set up housekeeping in several of the units.

Please feel free to contact me for any additional information about these trails by email at [cheval@barborside.com](mailto:cheval@barborside.com).

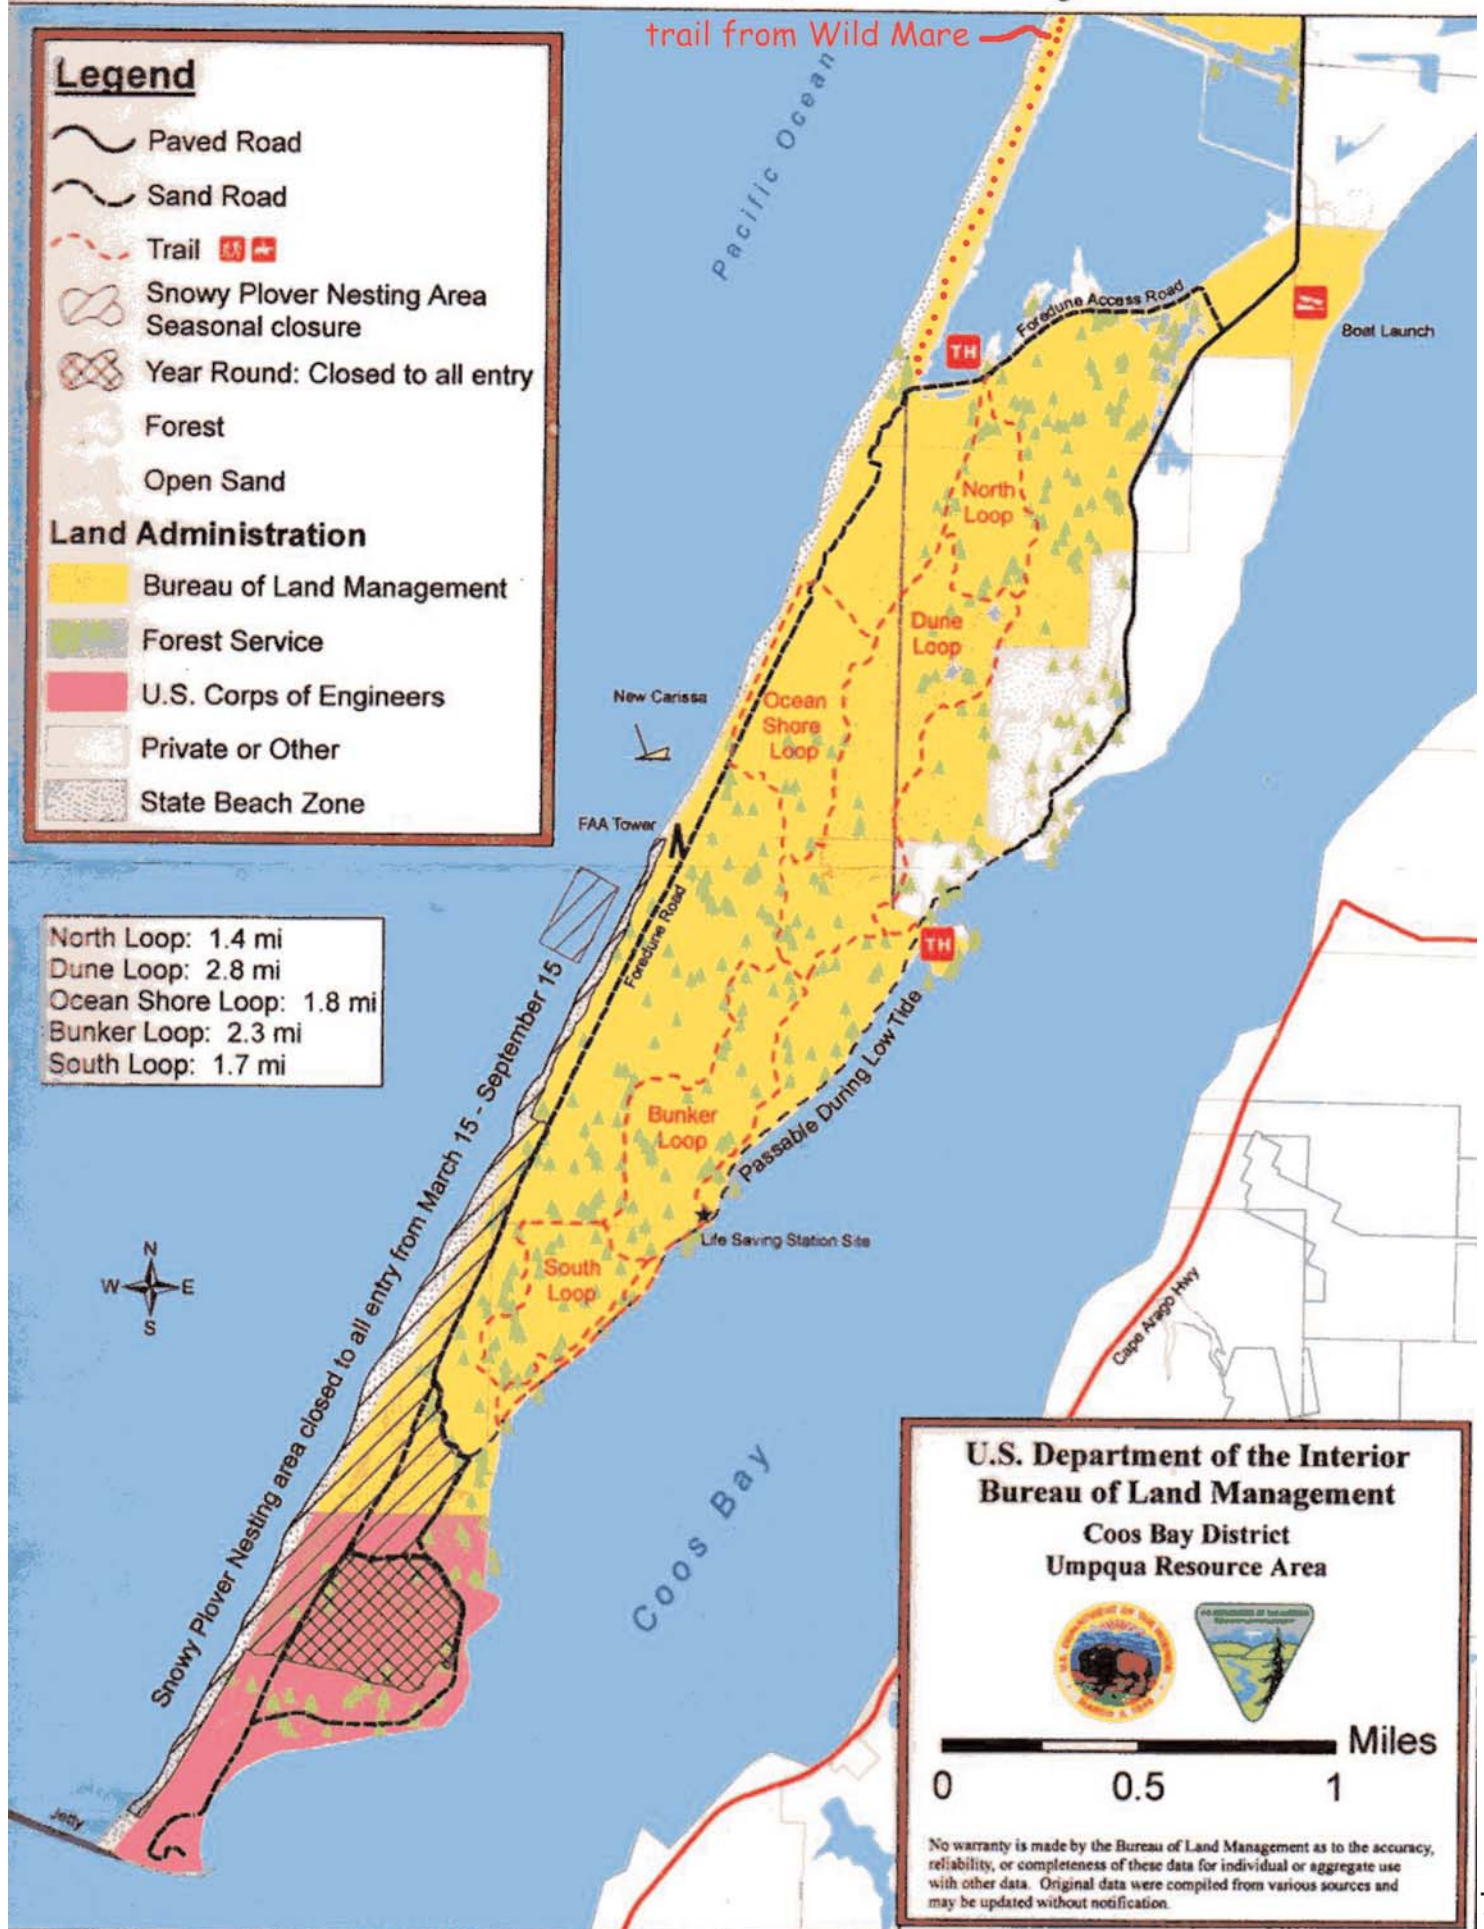

Photos: Bianca Chevalier

Janet Jones ([in2horsesports@aol.com](mailto:in2horsesports@aol.com)) has invited club members to join her on either of two camping trips at Wildmare Campground this year. The first is June 4-6. The second is July 16-18. Please email Janet for details.

## Reflections

Equine Sports Massage Therapy by Barbara Joy, BA, LMT, CESMT  
Trained and Certified through EQUISSAGE

I bring a lifetime of experience with horses and canines into my practice.

### A Few Benefits of Sports Massage Therapy

- Relieves muscle spasm and stiffness and enhances muscle tone
- Improves elasticity and suppleness of muscles and connective tissue
- Increases range of motion, flexibility and length of stride
- Improves performance and temperament
- Aids injury recovery and helps to prevent injury, in part by improving circulation and removal of toxins

### When would you use Sports Massage Therapy?

- Pre-competition – warm up and help prepare muscles for work ahead
- Post competition – relieves muscle pain and stiffness
- If your horse is experiencing schooling difficulties (such as cold back)

Endurance Ride

## Endurance 101

So you think you want to do an endurance ride?

Join us on Friday, July 9 in the beautiful Ochoco Mountains of central Oregon for a painless and educational introduction to endurance.

- On the Trail First Aid by Cassee Terry, DVM
- Something Fabulous by Robert Washington, DVM
- Endurance 101 - Learn:
  - How to take a pulse
  - How fast an endurance pace is
  - What kind of tack is more helpful than others
  - What a vet check is like
  - Do I have to have an Arabian?
  - And a few tricks from the "pros"

Each person taking the Endurance 101 class will enjoy a short ride with two other students plus an endurance mentor. There will be a limited class size so please try to sign up ahead of time.

The two mini-seminars by Dr Terry and Dr Washington are for all riders and are at no cost.

Endurance 101 will be \$25 for each attendee and will include all hand-outs, lunch and either a FREE trail ride on Saturday or Sunday OR \$25 off of a Limited Distance ride on either day.

Come camp with us and have a great time!!
