Letter from the Editor

Holly Lenz

It is November already. Where did this year go? So many projects that I had planned are unfinished and even unstarted. So many rides I did not go on.

This is my last issue of the newsletter. I had planned on continuing the newsletter, but things change. Specifically, the club needed a new person for the web-site, and I do not have time to take on both projects concurrently.

A club's web-site can be a very effective method of communication both within the club and with the rest of the world's internet community. Our web-site can be so much more than it has been!

The next month or two I will be working on a redesign of the web-site, which I will launch once it is complete. Much of the content currently in the newsletter and all of the advertising will be kept on the web-site, and the newsletter as a result will be a simpler and shorter publication. This should be a win-win as the web-site is visible to a much larger audience than our newsletter.

A large benefit of this change for me will be that my work will be spread out. Instead of spending 5 to 10 hours over a weekend trying to put a newsletter together, I will be able to post items as they come in and spend a few minutes here and there. This means no more reminding about deadlines and waiting for content. Whenever I get content, I can post it.

I am excited about getting started on this project once this current newsletter is completed and sent out. Please keep sending your advertisements, photos, and articles to hollylenz@clear.net and I will get them up on the web-site as soon as I have it up and running!

Just a month and a half left in this year and lots more to get done. I hope the weather cooperates so I can get a few more rides in before this year is over. If the weather is too ugly to ride, I'll at least go by the barn to groom Satin, give her treats, and a great big hug. Having a horse is the best gift!

Happy Holidays!

We are pleased to announce that Farm Hill Equestrian Center, Ridgefield Equine Clinic, and Si-Ellen Stables are once again generously hosting Jessica Wisdom for a series of individual lessons on the weekend of December 10-12, 2010.

We will be offering 2 lesson options:

a) 30 Minute Individual Lesson for \$50.00

b) 45 Minute Individual Lesson for \$75.00

This allows you to customize your lesson time to your level of fitness and focus. There is an additional fee of \$10 for the facility, and a signed liability release waiver is required. Note that helmets are also required. Please RSVP at your earliest convenience with the location and time of day that works best for you, and how long you would like to ride. If you have special needs, hauling a friend, etc., please include all of this information in your email and I will do my best to accommodate you. Ride times are limited at each location, so be sure to give me alternate choices if you are flexible. The more information you give me up front, the easier it will be for me to meet your needs. Please include your horse's name plus current phone numbers (home & cell) in your response.

We know that the winter at this time of year is "iffy" at best, so we will do our best to work around it. The safety of horse and rider is paramount.

The tentative barn schedule will be as follows:

Club Minutes

Minutes of the meeting, October 25, 2010

The purpose of the meeting was to go over the Proposed Final Draft, 10/24/10, Bylaws of Arabians In Motion, Inc.

Members of the AiM Board and Bylaws committee present were:

Kaye Phaneuf, Marcia Donnelly, Ahna Bowman, Scott Bowman, Jon Howell, Lisa Kolke and Kathy Darneille. Members absent were: Sarah Asby and Holly Lenz.

The meeting began at 6:30 pm at the home of Kathy Darneille. Marcia provided dinner.

There were thank yous to Marcia for dinner, to Lisa Kolke for all her time and effort she has put into researching and writing By-Laws for AiM and to Kathy Darneille for hosting the meeting.

6:45 meeting called to order. Kaye Phaneuf announced she had won the winning bid for 1 hour of legal consulting service, from Kathryn Hall, at the ODS silent auction. We all felt that would be excellent for reviewing of our By-Laws. There was discussion. Ahna Bowman made a motion to have AiM reimburse Kaye Phaneuf \$100.00, the winning bid amount and Jon Howell seconded the motion. The motion was approved.

Lisa Kolke read the bylaws and we all read through them line by line.

Article 4.4 Board of Directors, Term and Election lines 178 - 184 was discussed at length.

The question was shall the voting membership of AiM directly elect its officers, or shall the voting membership elect Board members and the Board members shall appoint officers from within the Board.

Marcia will contact the absent board members, Sarah Asby and Holly Lenz. We will vote by e mail on the question.

Article 5.1 Committees. Rewrite Nomination Committee lines 240 - 241 .

The majority of changes in this eight page detailed draft were only a few, mainly punctuation and grammar.

The meeting adjourned at 9:30 pm.

Respectably Submitted, Katharine Darneille

Like many of you I am sure, I have loved horses for as long as I can remember. The only summer camps I wanted to attend as a child had to have horseback riding available. I started riding lessons with a saddle seat trainer in Sioux City, Iowa when I was in 6th grade. A year or so later my Mom bought me my first horse. He was a 16 year old chestnut saddlebred lesson horse named Junior (Peavine's Promise). I loved him! I showed him in English Pleasure classes which were quite different from what I see now. He was also trained five gaited and for driving. Occasionally, I could get the barn guys to hitch him to a cart so I could drive him around the property. That was a blast! I could also trail ride on the hills (yes there are hills in Iowa) around the barn. When I went away to high school and college Junior enjoyed his retirement.

My horse career went into hiatus with marriage, job and kids until Christmas, 1999. My husband gave me riding lessons at the Lake Oswego Hunt Club as a gift. Obviously he did not know what he was getting into. Koby Robson, now an AiM member, ran the Riding School there at the time. Though I am sure I was not one of her star pupils, I sure enjoyed it.

It was during my time at the Hunt Club that I learned to love Arabians. Another member of LO Hunt who had an Arabian, Liz Raymond, brought in two Arabs who belonged to her brother. I started riding one of them and fell in love. He was beautiful and his name was Art. Unfortunately, colic became his constant companion. We lost Art. Thank you Liz and Tarik (who is still going strong at age 26) for introducing me to the wonderful Arabian.

Koby left LO Hunt to pursue her own business as a trainer. One of her new clients was a teenage girl who had outgrown her Arabian mare. I got a call from a friend who was riding with Koby telling me I had to come see this black mare. That was in the fall of 2003. I fell in love with Sasha (NB Dancin' in the Dark) but could only lease her. That is till Christmas Eve 2003 when my husband surprised me by giving her to me for Christmas! Thanks to Koby for helping to make that happen!

In addition to riding dressage with trainer Bernadine Diers, Sasha and I love to trail ride with our friends Carol and Panda. Sasha has also learned to enjoy pushing cows around having even "worked" bison once. As an Arabian should be, she is versatile and looks good doing it! She is my Princess!

I heard about AiM from my friend Liz. I have been a member for several years now volunteering in various capacities. Now I am the Immediate Past President. I have learned that AiM members are interested in different horse disciplines but all of us are passionate about this breed.

The sporthorse Arabian is of course the focus of Arabians in Motion. Most of the energy of the Club is spent on the two large horse shows we put on each year which includes the Region 4 Sporthorse Championship. Now that I am able to spread my energy around, I am going to research horse rescue in the hopes of encouraging AiM to get involved at some level. If any of you would like to join me in that endeavor, please let me know!

It was an honor being your president last year. I look forward to participating in the future of AiM.

Member Profile – Lisa Kolke

1. *You have recently been elected to the AiM BOD. In the past you have been active on the show committee.. Why did you want to expand your involvement to the board? What challenges do you feel the AiM board will face in the coming year? Do you have any ideas what direction the board and AiM club should take?*

When we created the Region 4 Sport Horse Championships in 2008, I knew that it would take 1000's of hours of preparation, so I joined the show committee to help make sure that this show was a success. During my service to the show committee, it became apparent to me that the AiM club needed some clarity in its own processes and direction to guarantee long term success. It is important that we establish direction for the club, ensure its resources, and provide oversight. Several people asked me if I would be willing to serve on the board, I agreed and I've been elected to serve as your Administrative Vice President in 2011. My personal challenges for the Board are to complete the review/updating of the bylaws; develop a handbook of policies and procedures and require accountability. I'd like to expand member services, open the lines of communication, and hold two financially successful shows in 2011. What I am looking to achieve is to set a foundation so that future members and boards can work under similar guidelines and towards similar goals. If we can solve our problems, instill trust, and give our members what they need, there is nothing this club cannot do. We are chock full of very passionate members. I am appreciative of my fellow club members who give their time, and hope that many other "quiet" members can find a way to make small contributions in their own way. You'd be surprised the talents that YOU have and AiM can use!!

2. *How long have you been involved with horses? How did you get involved with the Arabian breed?*

My first memory of horses is of mounting the neighbor's pony, getting bucked off, the wind knocked out of me and my dad having to come get me and take me home. I think I was about 9 and I was hooked! After that I begged to ride every horse in the neighborhood, good, bad or in between. I would clean stalls, clean houses, babysit – whatever I could barter for ride time. I was introduced to the Arabian breed at a dinner party my folks went to. The party was held by Jay & Kathy Daniels of JaKar Arabians (JK Amadeus). They had 2 beautiful white Arabian mares at the time, and once I saw them, I have never wanted anything else. My first horse was a 14.3 hand grey pinto mare. She was \$200 and I paid for her by babysitting all summer at .50/hour. Then I bought a saddle and bridle set for \$104. Do the math - I guess it is no wonder I never wanted kids! For my 14th birthday my folks bought me a breeding to a local Arabian stallion and I had my first Half-Arabian foal in 1975. We showed him at 3 weeks of age to judge Don Burt and won the 2 & under colts class. That was our "A" Show debut. School, life, love and finances have often slowed my journey. I met Jerry and moved to Battle Ground in 1987. We've been Arabian owners and breeders ever since.

3. *What are your interests other than horses?*

I work a very full time job with lots of travel involved. It does not allow me much time for anything else. Jerry is retired and he takes care of the horses, farm and household. I'm fortunate that I can combine my career with my love for horses quite easily and contribute to our local affiliated organizations. Back when I could not afford a horse, I dabbled as a photographer (of horses & livestock of course). Since I moved to the farm, there are never enough hours in the day. When I end up with an extra few, you can find me in the barn or on the back of a horse.

4. *Tell us about your horses.*

We are DOWN to 5!! <big grin>. The mares are all gone so we are more or less "out of the breeding business". MHR Souix Warrior+//, who was my first real show horse, is retired here and I am so glad that he is home. We still have 4 geldings that we bred, raised and have shown. It really is a great feeling to breed them and then get to show them and have them succeed.

MHR SOUX WARRIOR+//

(*Paltrok x Mahriah Tonka) has points in everything from English Pleasure to Western Trail. He is a wonderful horse, who never said "no" and packed more equitation riders than I can count to regional titles. His biggest success was when he was Youth National Reserve Champion Walk-Trot 10 & Under out of a field of 64 horses with Kendall Call, who had been riding less than a year. We purchased him from Judge Owen & Nancy Panner in 1994. We went to look at him, loved him, wrote the check and loaded him in the trailer. It was the most I've ever paid for a horse. As we were going down their beautiful driveway, Jerry asked "so when do we get to dicker on the price of this horse?" I replied that I just hoped we got him out the gate and down the road before they realized the BIG mistake that they had just made ☺.

BULLETPROOF (Dansaan X Zona)

Is the first foal that Jerry and I bred together. He was 1998 Canadian National Top Ten Futurity H/A Gelding and 2000 Region 4 Snaffle Bit Futurity Reserve Champion. I showed him in Western Pleasure and the working western events. Although I have often thought about bringing him back to the show pen, "Bullet" is Jerry's ranch horse now and I am to keep my hands off of him!

THIRTY AUGHT CYX+// (Cytosk+++// X Twaz Asali)

is our 1998 gelding that most of you probably know. I leased his ½ Arabian Buckskin mother from Pat Hough. He arrived late, and Jerry pronounced him "overdone" when he turned out to be a bay. If you look close, you will see that he has his dorsal and zebra striping. He started life as a halter horse, has done some western pleasure, trail, horsemanship, hunter pleasure. There is virtually nothing Skippy can't do. In 2010 he was Sport Horse National Third Level Reserve Champion with Jessica Wisdom. (by 1 raw point- Arg!)

RIDE FOR THE KOLORS+// (Kolors+// x Forgett Me Nott)

is probably our best sport horse to date, although he was not really part of the plan. The Panner's sold me the lovely aristocratic Barbary daughter, Forgett Me Nott.. I could not decide how to breed her and my vet told me that I should not leave her "open" because of her advanced age. So I called my good friend Barb Garcia, and asked her to sell me a breeding to her Khemosabi son Kolors+//. Everyone thought I was crazy, breeding a "very english" bred mare to a "western" stallion. I'll tell you it is a niche I wish I could duplicate. "Patrick" was a wonder from the time he arrived. I remember calling Barb and saying he is either "freaky good or freaky bad", I could not decide! He was 2008 SHN Futurity Reserve Champion (by .001%), 2010 Sport Horse In Hand ATH (6th out of 33 at 4 years old) & Top Ten Training Level Junior Horse (.40% out of Champ) and only his 3rd dressage test ever!

CYX SHOOTER (Cytosk+++// x Forgett Me Nott)

is our last foal. We were so pleased with Skippy & Patrick that we crossed Skippy's dad with Patrick's mom. "Dylan" was born 24 days premature while I was out of town. At 64 days, his mother colicked suddenly and died. He was a scrawny, orphaned foal. Souix Warrior became the surrogate mother. Dylan bounced back and was Region 5 AHA Res Champ Sweepstakes Gelding He went on to Res Champ at the AiM Classic and a regional Top 5 in SHIH ATH.

The Blur that was August and September 2010, Janet Jones

Here it is the end of October and I find myself wondering where the heck the time has gone. Seems it was just yesterday that we were hauling Annapolis up to the AHACO show for Ahna Bowman, of Bowman Sport Horses to bring him back from his 7-month vacation.... and bring him she did!

She threw the then 3-month pregnant Cari Carter up onto his back and bing, bang, boom, the horse won his Sport Horse Under Saddle class, along with his Sport Horse Stallion class and they looked like they had been working together for years!

Now I'm not going to kid myself or anyone else....the horse has had excellent training all along the way, but he's also just come off of 7-months of being just "my horse" and hacking around at home whenever I had the time, which, let me tell you, isn't all that often. At any rate, the stage was set....off AJ went to learn to be a "Hunter."

In the meantime, 12-year-old phenomenon, Taylor Bowman had been keeping her eyes on his progress and pleading for a chance to ride the red horse....please, please, please....

Turns out, after a thorough investigation with USEF, USDF and AHA, she was well within her right to ride and show him, and so, with just a short time left before the Regional Championship Show, Ahna gave the go ahead.

By August, AJ had learned that fences were really harmless, no matter how intimidating they appeared.... this after attending Ahna's Hunter/Jumper boot camp, that included jumping over blowing tarps! When he was entered in the AiM Sport Horse Classic, he was unflappable! He won his Hunter Hack Open class with Cari, and his Hunter Hack ATR class with Taylor, handily, and then proceeded to do the same with the Region IV Championship Hunter Hack Open and ATR class the same weekend!

These were not the only wins for the "fearsome threesome" at the Aim Classic/Region IV Championships, however. They also competed and won in Open and ATR classes for Dressage Training and First Level, Sport Horse Under Saddle, and Sport Horse Stallion in Hand. At show's end, AJ and company had earned over 50-points and progressed from Legion of Supreme Honor to Legion of Merit.

Sadly, Cari made the announcement that she would not be able to continue with us to Sport Horse Nationals...at 5-1/2-months pregnancy, the riding was beginning to catch up to her.

Taylor stepped up to the plate and was a star with AJ in Open and ATR Classes at Sport Horse Nationals. She rode in Hunter Hack, Sport Horse Under Saddle, Training and First Level Dressage ATR, and showed him in Sport Horse Stallions ATR, allowing dad, Scott Bowman to handle him in the Sport Horse Stallions Open.

I have to tell you, from my perspective, it was such a joy to watch a 12-year old young lady out there competing, really doing well, against National Trainers with barns full of National Caliber Horses that they show for multiple clients.... and you know what? She won!!!!!! She didn't win Champion, or Reserve, but out of 7 classes she was Top Ten 4 times and the classes she didn't make top Ten in

were really competitive with the exception of one bogus dressage disqualification for a fictitious "lameness" that wasn't seen by the Sport Horse Judges who awarded the horse a Top Ten 1-hour prior, or the judges of the Sport Horse Under Saddle, Open Championship who placed the horse Top Ten 2-hours after....

We are very proud of our boy and of the 12-year-old superstar riding him, and of the wonderful people who have helped us when we weren't sure we would ever be able to get up and going again.

We believe that Taylor has such incredible talent that she is virtually unstoppable, and we believe in our horse. Combine the two of them with the training techniques of Ahna, and we have a force to be reckoned with.

We are also very excited about our 2-year-old Annapolis gelding, Minneannapolis, who won Top Ten in the Two-year-old Futurity, despite being naughty.... Porscha did a splendid job of handling him. This was her very first big show. She really came through from the preparation prior to the show all the way through. She's a star! I know it had to have been stressful for her when she led the little stinker in and you could almost see his eyes light up. He wanted "turn out" so bad, and I'm pretty sure he thought that was what that big empty arena was for.

Future plans for this guy include starting him under saddle and continuing to offer him for sale. He shows talent for both dressage and jumping. He has lovely gaits with loads of suspension, and he free jumps a 3-foot fallen log in the pasture just for fun. He should make someone a fabulous sport horse.

And as for Abby...my precious princess queen.... who became 3-years-old and green broke at the 2010 Sport Horse Nationals when we were repeatedly nearly ran into by the young lady who was

The Blur.. cont

learning to do trot lengthenings in the dressage warm-up arena.... I'm not sure If it was my DK saddle fitting so well, the dental that Dr. Bridges did so perfectly before we left, the adjustment that Tina Steward gave her to make her feel so spry, or if she just was just feeling like a "kid again," but what can you do when things all go haywire except hang on and smile and laugh a little? As much zip, zap, Go as that 20-year-old mare had in both of my dressage tests.... I'm thinking she'll be around in 14 years for my Century Ride! I'll pray for that. In the meantime, if I can figure out how to control some of those movements she was doing, who knows.... we may even make it to something above First Level?

I really want to thank my hubby and his buddies so much for taking the time to get my trailer ready for Nationals... so much so that he forgot to get his hunting trailer ready. It's okay. You can hunt from my living quarters "show" horse trailer.... Honest I don't mind.... Just don't get it dirty.... or anything.

Thank you also to our sponsors. We couldn't have made it through this show season without you guys. It's been a rough time. We appreciate you so much.

For Sale: 2010 Colt, Sire: Annapolis ++

This boy promises to be the best offspring of Annapolis so far! Balanced from birth (6/5/2010), he is rapidly developing beyond my expectations . He is very upright and hinged at the poll. His long floating trot , "great overstep", extension, and high action, coupled with his sweet and willing disposition are proving to be the winning combination.

He has been handled and trained since birth and is already able to lead, load (straight, slant, step or ramp), trailer, bathe, stand for the farrier, and tie. He will walk calmly, stand at halter or trot alongside upon request.

"Scooter" is already a winner in the show ring! Annapolis Afire, was shown in September, in the Weanling Halter class as well as the Sport Horse In Hand. He won 1st place in both classes at the age of only 3 months! His full brother, Minneannapolis , performed at the 2010 Sport Horse Nationals, along with Annapolis and also placed Top 10 in the SHIH division. This youngster is well on his way to being a future champion and producer of more great horses.

For Sale: Adrian Medven is looking for a new home for Sissy. This mare has been shown lightly and very successfully. She was a Supreme Champion Sport Horse In Hand under Ali Buchanan. She has had two foals by Kolors+//, both of which are beautiful, athletic individuals. Her daughter, KAITLYN KOLORS, is owned by Linda Martin of Glisan St Saddlery. This mare can jump a little and could probably jump alot with training. She has been ridden in the mountains, rivers and streams. She is dead broke and very easy to be around on the ground. She has a HUGE trot and could easily do endurance or upper level dressage. Quite frankly, she is a more correct version of Skippy with bigger gaits. This video (<http://www.youtube.com/watch?v=6SPQRZooVsQ>) is her first ride of the Spring and you can see she is rusty, but can also see the quality of her gaits, and easy forwardness. She rides like a sports car, not a sherman tank. She would be perfect for a young rider or an ATR. She could be your next "forever" horse.

Please call Adrian if you are interested at 425-413-1072 or email adrianm@comcast.net. You can also email Lisa for photos and information lkolke@aol.com.

Looking for Homes: Arabian mare and gelding

JJ Firelight aka "Lighty" 20 year old Chesnut Arab mare. very little white. 14.3 hands. She is a JA Magnificat (Bask son) daughter and her dam line is Azraff and some Bask also. I bought her as a 7 year old from a 4-H leader, she had been used a couple of years for 4-H and trail riding by them (mainly hunter showing and western on the trail). She has only been ridden in snaffle bits and collects up nicely. I have mainly used her for a trail horse and riding here around home so she has not had to "perform" much for several years. She has a great disposition. Always glad to see you and good for all grooming, farrier etc...Gets along well with other horses and is not a pain when it heat. Her only vice might be that she backs her ears when you cinch up her saddle and she can have quite a bit of go especially if you get her going. She seems to know when a young rider is on her though and acts quieter with them than she does when I ride her. :) She has had one foal about 9 years ago. Was a great mom. She has NEVER had a day of colic, or any other health or feet issues. I have ridden her barefoot and with shoes.

NU Promise aka "Promise" is a 19 year old Chestnut very flashy with a blaze and 4 high socks. He is out of Joel's parents first arab mare Nomra who lived to be 31 and was a Raffon daughter. His sire line is Bask and Khemosabi. He was their stallion for years and when they could no longer keep horses we took him and after a few years gelded him so he could be Joel's trail horse without any issues of having a stallion around. He has always been mellow and kind even when he was a stallion. Been ridden western only, but never moved into a curb bit. He knows how to collect up but has not been ridden that way for years. He seems to have a natural head set even out on the trail. We have always gotten compliments on him wherever we go even from "non-arab" people. His is fairly stocky and about 15.1 hands. He is very good around other horses as well, has been used as a baby-sitter for weanlings and such. Same as Lighty as far as manners and pleasant to be around. I would say his only vice would be that he tends to be a little on the lazy side and may not pick up his canter in the arena without a little work. (if he were worked with some I'm sure this would come back, but Joel rarely wanted to canter anyway) :) Walks out on the trail fine. Not barn sour at all. He also has NEVER had a vet call other than when he was gelded. Very nice feet and legs. Keeps a tidy stall

STRAIGHT EGYPTIAN FILLY

TAHER SIHR X HALYN

This rare, Sweepstakes Breeding Entry filly, is the only daughter from the last producing mare in all of the USA out of Hadaya Imdalia (full sister to Hadaya El Tareef) Imdalia was exported to Saudi Arabia in 2000.

Kahlidah Halawa (Forever Sweetness), is living up to her name. "Kahli" (Taher Sihr x Halyn) is virtually broke and was born that way! Calm, trusting sweet, eager to learn, friendly, and beautiful too!

Sire, Taher Sihr (El Hadiyya x RA Jehan) Was shown as a yearling and never received less than 3rd at halter including during prestigious Egyptian Event! His full sister Abiebi, was exported to Australia as a yearling.

She will be an excellent show /breeding prospect and go anyway you want.

Dam is 15.2, and she appears to be well on her way to also being tall. She is currently 12.2 h and 375 lbs. HUGE eyes (eyeliner), nice jibbah, full jaw, and very well put together. Magnificent hindquarters with a straight up tail carriage! This filly will do anything for you you ask. She is still turning gray and looks Grulla now but mom was snow white at 2.

With such greats as El Halimaar, Abraxas Halimaar, Imperial Imdal+, Ansata Ibn Halima and El Hadiyya, for grandsires, you can't go wrong with her. More photos available on request.

She was shown in the Sport Horse In Hand, Weanling Halter, and Mares 2 and under Halter Classes on September 10th & 11th. She placed 2nd in the Weanling, 1st for Mares 2 and under and 1st in her SHIH Class!

Discount to show / breeding home by Private Treaty. Call, text or e-mail for more information, photos or video.

Lovely Grey Arabian Gelding, named Carismatico (Tico), nine years old, a solid 15.2 hands, short backed, long legs, good feet and a winning personality. Tico has had over six months with a professional trainer in Bend. His trainer is a dressage rider and she took him to a couple of open dressage shows for fun. He does love to get out and do things! His registered name is FCA Carismatico if you want to look up his pedigree (3/4 Spanish). I am taking him back to Bend (I live in Fort Klamath) by the first of April. I am asking \$3,500.00 for him; which is under what he would sell for in normal times. I am most interested in the right person and place for him. If you are interested or have questions please call. My name is Gail Rickards at 541-381-2218 or by e-mail fca3@earthlink.net. An appointment may be made to see and/or ride him by calling Carrie at Double Eagle Ranch in Bend 541-385-8372.

Share a bit of the Pacific Northwest with your friends and family this holiday season

Menagerie Farm's Christmas venture, Wilde Ivey Christmas Wreaths, will bring the aroma of Christmas to all of your friends, family and business associates -- and don't forget to treat yourself.

Again this year, we are offering holly in the wreaths. The 14" wreath with holly makes a perfect table decoration...just put a large candle in the middle to complete the festive look. The larger wreaths with holly are simply gorgeous on your door or on the mantle.

Our wreaths are handmade from fresh greenery picked from our own backyard! (It helps that our backyard is 20 acres!) Being handmade, each one is a completely unique, one-of-a-kind gift.

You have a choice of four sizes this year: 14", 18", 24" & 34" (that's minimum—it will usually fluff out bigger). And they are about 4" thick, with 5+ lb of material. Many commercial wreaths are an inch thick with the minimum amount of material and are often made in September! You can smell the freshness in Wilde Ivey Christmas Wreaths.

The greens will include some or all: Douglas and White fir; various types of cedar; pine; blue spruce. If you have a special request to leave in or out, just let us know.
